Dear Ms. Christiansen,

I refer to your letter on the International Aid Transparency Initiative (IATI) and would like to thank you for your recognition of the support that Ireland has demonstrated for it to date.

It is indeed an important juncture for IATI and Ireland will continue to engage with the initiative over the coming months as part of our commitment to transparency and accountability.

One of my officials will attend the forthcoming IATI Steering Committee meeting in Paris on February 9th.

Yours sincerely,

Peter Power
Minister of State
